PROFESSIONAL SUMMARY

Java Full Stack Developer (B.Tech CSE, 2026) with hands-on experience building secure REST APIs using Spring Boot, React.js, and OAuth 2.0/JWT. Built and deployed a real-time messaging platform using Docker and GitHub Actions CI/CD. Solved 700+ DSA problems; LeetCode peak rating 1700 (top 13% globally).

TECHNICAL SKILLS

Languages: Java, SQL
Backend: Spring Boot, Spring MVC, Hibernate, Spring Data JPA, RESTful APIs, MCP
Frontend: React.js, JavaScript, HTML5, CSS3, Tailwind CSS
Security: Spring Security, JWT, OAuth 2.0
Database: MongoDB, PostgreSQL
DevOps: Docker, GitHub Actions (CI/CD)
Testing & Tools: JUnit, Mockito, Postman, Git, GitHub, Maven, IntelliJ IDEA, VS Code
Relevant Coursework: Data Structures and Algorithms, Object-Oriented Programming, Software Engineering, Database Management System, Operating Systems

PROJECTS

- **AI Dev Assistant - MCP-Based AI Code Review & Documentation Tool** (GitHub)
  Tech Stack: Java 21, Spring Boot, React.js, MCP, PostgreSQL, GitHub OAuth2, OpenRouter API
  - Designed a modular, 3-tier system with React.js, Spring Boot, and a standalone MCP server to enable LLMs to navigate and analyze GitHub repos
  - Built **4** GitHub intelligence tools on MCP for file reading, searching code, analyzing complexity, and diffs, enabling LLMs to deeply understand repos
  - Created GitHub authentication system using OAuth 2.0 with AES-encrypted token storage and JWT-based authorization to securely access API endpoints

- **Incognito Campus - Real-Time Anonymous Messaging Platform** (Live Demo)
  Tech Stack: Java 17, Spring Boot, React.js, WebSocket, MongoDB, Gemini AI API | Vercel, Render
  - Wrote an anonymous identity generation system that generates **400K+ unique usernames** by concatenating adjective-animal pairings with randomizing numeric suffixes
  - Implemented Gemini AI to extract a brief summary of chat conversations, eliminating the need for users to parse through their entire conversation history
  - Containerized the Spring Boot backend in Docker and deployed on Render via GitHub Actions CI/CD, while the React.js frontend deployed on Vercel with MongoDB Atlas as the cloud database

EDUCATION

Lakshmi Narain College of Technology, Bhopal — November 2022 - July 2026
Bachelor of Technology (B.Tech) : Computer Science & Engineering — **CGPA: 8.19 / 10.00**

R.O.S Public School — 2021
Class XII (CBSE), Grade: 76.8%

Modern Indian School — 2019
Class X (CBSE), Grade: 90.6%

ACHIEVEMENTS

- Solved **700+ problems** of varying difficulty spanning arrays, linked lists, trees, dynamic programming, backtracking, and greedy algorithms — across LeetCode, GeeksforGeeks, and Code360
- Competitive programming ratings:
  - LeetCode: peak rating **1700**, placing in the **top 13% globally**
  - CodeChef: 2-star rating, with a peak rating of **1471**
